Dear Governor Cuomo,

As a member of the _____ Senior Center in _____, New York, I urge you to keep all Title XX dollars for senior centers the same in next year's budget. Every time the state wants to cut Title XX money, myself and thousands of seniors get upset and frightened that our senior center will close. My senior center is my second home where I can see my friends, eat meals with others, exercise to stay healthy and not be alone. I am afraid that without my senior center, I will stay home alone. Please don't take my senior center away.

Sincerely,

Dear Governor Cuomo,

As a New Yorker, I am concerned about Title XX funding for senior centers in New York City. I urge you to keep the Title XX funding for over 100 senior centers in the state budget the same in next year's budget. Every time the state wants to cut these funds and close senior centers, thousands of seniors get upset and frightened that they will lose their senior center. Senior centers keep older adults healthy and active.

Sincerely,
